

BCI QuadReal Realty

Debt Investor Fact Sheet

Fiscal Year 2024

OVERVIEW

BCI QuadReal Realty ("BQR") is an actively managed pooled investment portfolio of real estate and real estate-related investments. All the assets of BQR are held in trust by British Columbia Investment Management Corporation ("BCI") and managed by QuadReal.

BQR's investment strategy is to be well-diversified, create sustainable environments and hold best-in-class properties and investments that will perform well across multiple economic cycles. BQR also targets opportunities to drive growth, supplement returns and maintain its high portfolio quality through the completion of development projects across Canada.

BQR bondholders benefitted from a full guarantee from Parkpool, another pooled investment portfolio controlled by BCI and managed by QuadReal. As part of a restructuring, effective June 2024, Parkpool is now a wholly-owned entity within BQR, therefore the guarantee has been removed.
